

Kawartha Fisheries Association Newsgram

"dedicated to the wise use and conservation of the Kawartha Lakes and its fishery through education, research 01/21/04 and proactive programming"

Dear Jim,

The Kawartha Fisheries Association (KFA) will be sending out this "Newsgram" to members and interested individuals on a periodic basis with announcements or information that is timely but in between regular correspondence opportunities (i.e. newsletters).

Launch of New Web Site

The KFA is pleased to announce that its new web site is now up and active and can be located at <http://www.kfaonline.com>. The former site www.scugog-net.com/kfa will direct people to the new site but individuals should change their links if they have the KFA site marked in your favorites already.

Not only is the site name more representative of the KFA but the hosting site is much larger and will enable the KFA site to grow and expand. Our new site is being loaded with new pages fairly frequently so fish our web site at

<http://www.kfaonline.com>

<http://www.kfaonline.com>.

The Fishery is out

The latest edition of The Fishery, our KFA Newsletter was mailed to members last week and is also available online along with many other articles that had appeared in KFA News at <http://www.kfaonline.com/thefishery.htm> You will need the free acrobat reader to view the newsletter online, and the link to get the free viewer is also on the above link page.

Membership

If you are not a member and wish to participate in a community based volunteer not-for-profit grass roots organization that is dedicated to the wise use and conservation of the Kawartha Lakes and its fishery through education, research and proactive programming, then visit our members page at <http://www.kfaonline.com/membershiponlineform.htm> or contact our office at 705-340-5551 for additional details.

We will always be looking for web site material, good articles, good links, etc. So feel free to contribute to help make our site even more comprehensive.

Sincerely,

Peter Lindsay
Kawartha Fisheries Association
