

CRYSTAL LAKE UPDATES

Happy Summer Crystal Lake!

The weather has finally warmed up and the lake has come alive so please have a safe and enjoyable summer.

As the new CLCA president, I wanted to thank our past president, John Fernandes, for his years of service and dedication. I am grateful that our past presidents, including John Fernandes and John Hubbard, will be staying on the board. I also wanted to thank the entire CLCA board and all the volunteers who work behind the scenes to support our lake interests and community.

Water Quality and Water Safety are two of the many priorities of the CLCA, so please pay particular attention to the information in this and upcoming posts about water quality and safe/courteous boating.

In addition, I wanted to ask you for your help, I want to hear from you on what we can do to help improve our lake community and this starts by having more of our community as CLCA members. Please ask your neighbours if they are CLCA members and if they are not, please encourage them to become one and register.

On closing, the Ontario Municipal Elections will be held on October 26th and as taxpayers (permanent residents and seasonal) I urge you to please get out and vote. There are some changes to how the Province is collecting voter registration information, so in advance of the polls, please ensure you are on the Voters' List by registering via the following link;

Have a happy and safe summer, Kevin Quinlan

MEMBERSHIP DRAW

A membership draw will be held for all that have paid their 2026 Memberships!!

If you haven't paid yet, make sure you pay by August 7, 2026. You can go on our website at www.crystallakecottagers.ca and follow the steps on the Membership page, OR etransfer to crystallakecommunityassoc@gmail.com. Remember to put your family name and property address in the comments section.

Memberships: Linda Mielewczyk
Past President: John Fernandes
Board Members: John Hubbard
Rainey Weidauer

COURTEOUS BOATING

**REDUCE
YOUR WAKE.**

—  —

Plane not plough.

✓ **PLANING**
— BOW DOWN —
CREATES A SMALLER WAKE.
MORE EFFICIENT.
LESS IMPACT.

✗ **PLOUGHING**
— BOW UP —
CREATES A BIGGER WAKE.
LESS EFFICIENT.
MORE IMPACT.

—  —

**BOAT WAKE
CAN BE DAMAGING**

 **ERODES
SHORELINES**

 **DESTROYS
WILDLIFE HABITAT**

 **DISRUPTS
RESIDENT ENJOYMENT**

CHECK YOUR WAKE
— *and reduce your impact.* —

—  —

—  —

**IF YOU'RE
CLOSE ENOUGH
TO WAVE,
YOU SHOULDN'T BE
MAKING WAVES.**

—  —

**IF YOU'RE
STANDING UP
TO DRIVE,
YOU'RE PLOUGHING
— AND —
CREATING
EXCESSIVE WAKE.**
